My favourite sport: Basketball

I really like basketball because it is a team sport. **I like working together** with a group of people to try to win. **I play** on a basketball team in my town. My team mates are all my age. Some of the players go to school with me and some of them don't. **I like playing** in this team because I meet new friends from different schools. When we practice a lot, **we usually win** the matches. When we don't win, we are sad but we always have fun.

Sometimes I like to practice with my dad. **He knows** how to play basketball and **he usually teaches me** new tricks. I know how to spin the basketball on my finger. My team mates want to learn how to do that but I tell them they have to ask my dad.

Last weekend it was fantastic because **I went** with my family to Granada to see my favourite basket team. **They won** so I have to be happy but I am not happy at all because the other team played really well and **I felt** bad for them.

Basketball is really fun!
